PENSKE

SEASON TWELVE.

DS AUTOMOBILES

Founded in Paris in 2014, DS Automobiles is a premium brand aiming to embody the French art of travel. Thanks to an exceptional heritage, exemplified by the 1955 DS and enriched by the wealth of French culture, DS Automobiles offers a global and diverse range with DS 3, N° 4, DS 7 and N°8.

Designed for a clientele seeking something different, who want to travel the world and enjoy every moment, DS creations stand out through their charismatic style, interior refinement, sophisticated technology and first-class comfort. Combined with a suite of bespoke services, they offer a unique brand experience before, during and after each journey.

With numerous records since its entry into Formula E in 2015, including two double Teams' and Drivers' titles, DS Automobiles is at the forefront of electrification and sells each of its models in an electrified version. The Brand offers 100% electric drivetrains as well as self-charging and plug-in hybrids with up to 360 horsepower and 4-wheel drive. In 2025, DS Automobiles is accelerating its transition to electric by launching N°4 with 450 kilometres of range and N°8, the new DS flagship providing up to 750 kilometres of range.

With a presence in 40 countries, the DS brand has an exclusive distribution network that includes nearly 450 DS STORES around the world.

Penske Media Corporation

Penske Media Corporation (PMC) is a leading global media and information services company whose award-winning content attracts a passionate audience. Since 2004, PMC has been a pioneer in digital media and a platform innovator, reaching viewers on all screens across its ever-growing constellation of iconic brands, which includes:

With a presence in more than 40 countries, Molex offers a full suite of solutions and services for many markets, including data communications, consumer electronics, industrial, automotive, commercial vehicle and medical.

KYOCERA AVX Corporation

KYOCERA AVX Corporation is an American technology leader in the manufacture of passive electronic components, interconnect, sensor, control, and antenna solutions with 29 manufacturing facilities in 16 countries around the world. Headquarters in Fountain Inn, South Carolina. KYOCERA AVX is the largest industrial employer in Horry County, South Carolina, with almost 1000 | employees, working to serve the needs of its demanding global customer base.

The Passive Components segment manufactures a full line of surface mount and leaded ceramic capacitors, radio frequency (RF) thick and thin film components, multi-layer ceramic and tantalum capacitors, film capacitors, ceramic and film power capacitors, super capacitors, EMI filters, thick and thin film packages, varistors, thermistors, inductors, and resistive products.

TTI

TTI, Inc., a Berkshire Hathaway company based in Fort Worth, Texas, USA, is an authorized, specialty distributor of interconnect, passive and electromechanical (IP&E) components and the distributor of choice for industrial and consumer electronics manufacturers worldwide. Broader and deeper inventory, leading-edge products and custom supply chain solutions have established TTI as the leading specialist in electronic component distribution.

Founded to serve aerospace and defense equipment manufacturers, the company's customers now include manufacturers in the transportation, industrial, medical, and communications sectors. Globally, the company maintains 1.9 million square feet of dedicated warehouse space containing over 850,000 component part numbers. Along with its subsidiaries, Mouser Electronics, Sager Electronics, and TTI Semiconductor Group. TTI employs more than 6,000 workers and is represented in over 100 locations throughout North America, Europe, and Asia.

SRMG

SRMG - Our Arabic dailies were the first to offer the world a perspective rooted in and informed by our region. We launched Saudi Arabia's first ever English newspaper, we were the first to launch a pan-Arab women's weekly, and the first in the region to print newspapers in colour.

With many other firsts along our journey, we now aim to be at the forefront of a new media landscape. From in-the-moment content to news channels, apps and digital platforms, we are accelerating towards the future. We're harnessing the best human talent, data, insights, and technology to build smarter, more meaningful ways to connect with a mass audience.

SYENSQO

Syensqo is a science company developing groundbreaking solutions that enhance the way we live, work, travel and play. Inspired by the scientific councils which Ernest Solvay initiated in 1911, we bring great minds together to push the limits of science and innovation for the benefit of our customers, with a diverse, global team of more than 13,000 associates in 30 countries.

Our solutions contribute to safer, cleaner, and more sustainable products found in homes, food and consumer goods, planes, cars, batteries, smart devices and health care applications. Our innovation power enables us to deliver on the ambition of a circular economy and explore breakthrough technologies that advance humanity.
